

## **What are the Reunion East and West CDDs?**

*The Reunion East and West community development districts (CDDs) are local units of special purpose government created pursuant to and governed by the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes as amended. The districts were created on October 3, 2001 by the Board of County Commissioners of Osceola County. The districts were established to provide services to the Reunion Resort community in Osceola County, Florida. The Reunion Resort community is split into two sections for CDD purposes. These are the Reunion East and Reunion West CDDs. Even though the community is split into two districts, certain assets and amenities are accessible and maintained by both districts in accordance with an interlocal agreement.*
